

FACILITIES AND INFRASTRUCTURE

- Civil Site Development - Surveying, Clearing, Grubbing, Grading, and Aggregate Production
- Concrete Placement and Finishing
- Horizontal Construction – Airstrips, Campgrounds, Erosion Control, Heavy Civil, Roads, Trails
- Fire Training Facility Construction
- Fuel Tank Systems Installation, Repair, and Decommissioning
- HVAC, Refrigeration, Mechanical Retrofits, and Upgrades
- Marine Facility Construction
- Pile Foundations – Augured, Driven, and Helical
- Petroleum Oil Lubricants (POL)
- Tower Erection and Communications
- Utility Decommissioning and Removal
- Underground Utility Installation - Water, Sewer, and Stormwater
- Vertical Construction - Industrial, Institutional, Educational, Healthcare, Military, and Modular

CONSTRUCTION MANAGEMENT

- Constructibility Reviews
- Cost Estimating
- Cost Management
- Critical Path Schedule Management
- Dispute Resolution
- Feasibility Studies
- Permitting
- Pre-Construction Services
- Remote Site Procurement and Logistics
- ROM Cost Estimates
- Quality Control Inspections
- Safety Plan Development and Management
- Union Trade Agreements
- Value Engineering

SUSTAINMENT, RENOVATION, MODERNIZATION

- Asbestos and Lead-based Paint Abatement
- Commercial Building Construction, Demolition, Renovation, and Remodeling
- Electrical and Communication Upgrades
- Expansion and Upgrade of Local Area Networks (LANs)
- Refrigeration, Mechanical Retrofits, and Upgrades
- Self-performed Work
(Divisions 1, 2, 3, 5, 6, 7, 8, 9, 10, 12, 31, 32, 33)
- Tenant Improvements

DEMOLITION

- Asbestos and Lead Abatement
- Decommissioning and Decontamination
- Pipeline Removal
- Whole Building Demolition
