Ahtna Engineering Services, LLC (AES) is one of seven wholly owned subsidiaries of Ahtna Diversified Holdings, LLC (ADH), a holding company that is in turn wholly owned by its ultimate parent company, Ahtna, Inc., an Alaska Native Regional Corporation. We are a self-performing federal and commercial contractor with Small Disadvantaged Business certification from the Small Business Administration (SBA). We perform a wide range of services nationwide including construction, environmental, administrative, and professional services. With corporate and program offices coast-to-coast, AES is positioned to support nationwide requirements.

AES is a successful graduate of the SBA 8(a) business development program and now successfully competes as a small business in unrestricted markets. AES is headquartered in Anchorage, Alaska with offices in Alabama, California, Colorado, Hawaii, Missouri, South Carolina, and Washington, the majority of which are bona fide through the SBA.

CORE CAPABILITIES

Environmental AE Services/HTRW

- Environmental Assessment and Investigation
- Remedial Design and Remedial Actions (including PFAS and MMRP)
- Long-term Monitoring and Operations
- Environmental Planning and Consulting

Construction (Vertical/Horizontal)

- Range Construction and Improvements
- Design-Bid-Build/Design-Build

Professional Services and Technology

- Information Technology
- Facility Operations
- Janitorial/Custodial Services
- Professional and Administrative Services
- Records Management

DIFFERENTIATORS

In today's world, we understand military and civilian agencies need reliable partners who understand your missions and the demands you place on your infrastructure. Ahtna has served the Department of Defense for dozens of years. We stand with you, ready to collaborate and provide the innovative solutions you need. Differentiators include the following:

- Ability to rapidly mobilize and respond to surge requirements
- DoD Indian Incentive (The 5% Subcontracting Bonus) – DFAR 252.226-7001
- Financial stability—\$100M/\$500M bonding capacity
- More than 400 program and project personnel (including sister subsidiary support)
- Outstanding safety record—EMR of 0.77

STRATEGIC PARTNERSHIPS

AES has pursued opportunities through a joint venture established with Bay West, an environmental consulting and industrial services company headquartered in St. Paul, Minnesota. AES had an SBA-approved Mentor-Protégé/Joint Venture with Advancia Technologies, a tribal 8(a) business, which expired in 2019. We continue this relationship through strategic and joint venture partnering. These partnerships enhance the competitive landscape of our small business through the support of these specialty firms, adding to the breadth of our capabilities.
